## Classroom & Activity Partnerships

The Foothills Community Partnership Program is designed to create new opportunities for partnership with businesses, organizations, and families in our community. Partners will have a significant impact by directly connecting with our classrooms, teams, and activities. Participating as a community partner allows you to direct your giving to the area(s) you are most passionate about!

## How It Works

Annual support of \$1,200 (paid monthly, quarterly, or annually between July 1 and June 30).

You have a choice of educational levels, teams, or groups, where you can direct your dollars and your impact!

## THE CHOICES

## MINISTRY, SERVICE, AND REFERRAL PARTNERS

Direct financial support is not the only way to participate in our program. We provide opportunities to partner in ministry and service activities within our community. Foothills can assist you with volunteer needs for outreach and events and we can provide a venue for activities and classroom meeting space.

Creative referral programs are a pathway for small business or those in the service industries to provide financial support to Foothills based on specific events and activities or percentages of sales.

Our goal is to provide individualized partnerships to meet needs of our school, your business and the larger community. When it comes to partnerships, we want to work together by thinking outside of the box. The opportunities are numerous!
