

Chocolate Sale September 27 Update

Foothills Families,

This morning was our second collection day and it was a great one! Our **\$18,906.94** collection is the **second highest** we've ever recorded! That puts us at a total collection thus far of \$29,407.60 which is 84% of our goal. We knew several students were aiming to earn that limo ride to McDonald's this week and we had several other store shifts to help families with sales. One of our students has already sold more than \$2400 in chocolate!

We had 17 students turn in more than \$250 today and our hand operated drone prize winner is **Riley Richardson**. Congratulations Riley!

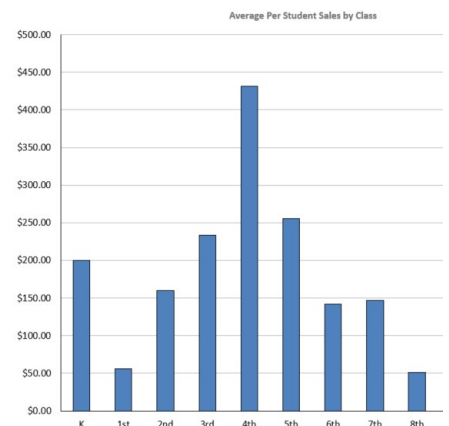

Our top 25 chocolate sellers who earned the limo ride to breakfast at McDonald's on Friday have collectively sold more than \$16,000 in chocolate! Permission slips will be sent home with those students this afternoon and will need to be returned tomorrow. **We are in need of 3-4 parents who can meet us at McDonald's and help the students with their breakfast.** If you can help, please email advancement@foothillschristian.org. We have also updated the top selling class chart in the App and below. The 4th grade class maintains the top sales position are in the lead with an average of \$430 per student! Will they hold the lead and earn a pizza party?

If your family is done selling, ***please return any unsold chocolate to the lunchroom as soon as possible.*** We will compile it and have it ready to redistribute to families for our last weekend of sales.

If families need chocolate for weekend sales, please email akreider@foothillschristian.org by the end of the day tomorrow and indicate what types of chocolate you need **and** how much you have. We may not be able to meet all of the demand but we will do the best we can. ***Please do NOT cancel weekend shifts until you have talked to us about chocolate availability.***

If you have other questions, please email us.
